

Berlin, Germany 2008

**INTA took place in Germany in 2008 –
home of the CTM Advisory Initiative!**

This year's CTMAI-Boat Cruise took place during the INTA Meeting in Berlin on Tuesday, May 20, 2008.

Over 120 persons had registered and came to the event. Trademark experts, guests and friends from around the world attended. As in previous years, the members of the CTM Advisory Initiative Munich had set up an interesting program including a quiz on European trademark and design issues.

As can be gathered from these and the following pictures there was enough time to meet new people, enjoy the views from the boat onto the city and learn some interesting new legal aspects.

**It was wonderful having you on board!
See you in Seattle 2009!**
